12 JAN 1964

MEMORANDUM FOR: Assistant Director, OSA

SUBJECT : Lift of Freeze on Movement of
Personnel

I contacted [] on 13 January in regard to further action from him toward getting promise from Mr. Kirkpatrick to move military personnel whom we have in process and who are presently cleared. [] readily agreed that it was impractical to wait until after you and Dr. Wheelon have had your T/O discussion before Mr. Kirkpatrick is approached. [] advised me that he would get in touch immediately and together they would map out their approach to Mr. Kirkpatrick. ; I will keep in frequent contact with [] on this matter and will keep [] advised.
